Resolutions

RESOLUTION OF THE DEMOCRATIC COMMITTEE OF APPOMATTOX COUNTY

WHEREAS, The Democratic Committee of Appomattox County, Virginia, desires to go on record as stating its position in the present political campaign for the election of a President and a Vice-President of the United States of America; and

WHEREAS, The Democratic Committee of Appomattox County feels that, while it is not in accord with all of the provisions of the platform adopted at the National Democratic Convention in Chicago, it will be to the best interest of the people of the Commonwealth of Virginia to support the nominees of the Democratic Party; and

WHEREAS, The Democratic Committee of Appomattox County realizes there is no hope for the South in the Republican Party which is the party of big business and large money interest whereas the Democratic Party is the party of the small businessman, the masses and the farmers;

THEREFORE, BE IT RESOLVED, That the Democratic Committee of Appomattox County hereby declares its support of the Democratic candidate for President and Vice-President and calls upon the Democrats of Appomattox County to also support the nominees of the Democratic Party, believing that the interest of our people will be best served by the election of Democrats to office.

BE IT FURTHER RESOLVED, That a copy of this resolution be given to the press for publication.

The above resolution was unanimously adopted at a meeting of the Democratic Committee of Appomattox County held at the Court House on Saturday, September 29, 1956, at 2:00 P. M.

Inspection of Meats

Federal inspection of meats and meat products sold across state lines is federally financed, and costs about nine cents per person a year. That's a small fraction of a cent per pound of meat, and less than 15 cents per animal inspected.

Did you know that Social Security provides a lump sum payment from $90 to $225, when an insured wage-earner dies? This benefit is paid to the surviving spouse or to the person paying the burial expense. But this payment can be made only if an application for it is filed within two years after the date of the wage-earner's death.

OBEDIENT WIFE

A REAL SPIN

Charleston, W. Va.- Things really happened when Paul White, 24, recently went for a "spin" in his car. He sideswiped two cars, knocked down two utility poles, left a wreckage of power lines along the highway, tore down 60 feet of fence and nine steel posts and finally hit a third utility pole which demolished his car. He walked away with a slightly swollen lip.

The amount of wool shorn and to be shorn in 1956 is estimated at 231,754,000 pounds, or one per cent less than in 1955, and five per cent less than the 1945-54 average. The one per cent decline in wool production resulted from a one per cent decline in the number of sheep shorn.
